State Taxpayers Face Boost
Of \$163,000,000 in Levies to
Meet Record-Breaking Budget

Harrisburg, March 20—(P)—Pennsylvania taxpayers face the prospect of a \$163,487,000 tax increase on the basis of a new, record-breaking budget of \$1,220,150,502 for the next two years.

Gov. John S. Fine called in top legislative leaders for an eleventh hour conference to complete details of his tax program for presentation to the legislature tomorrow.

The nature of his specific tax recommendations was omitted from the bulky budget message submitted to the assembly last night. But an administration source said consideration is being given to a flat income tax of a half per cent.

Other tax alternates under scrutiny are a one per cent general

Strategic Middle
Eastern Country Is
Under Martial Law

Tehran, Iran, March 20—(P)—The Shah proclaimed martial law in Tehran today to guard against any uprising in this strategic middle eastern country, an unwilling arena in the east-west political battle of giants.

A new military governor-general damped on a curfew, banning the public from the streets from midnight to 5 a. m. Rumors flew throughout the city of new assassinations. A string of army tanks clattered into the streets.

The only exception from the curfew will be tomorrow night—Persian New Year—when traffic will be permitted until 2 a. m.

The martial law, limited to Tehran and imposed for a period of two months, came amid a wave of rumors that new terrorism had taken the lives of Iranian officials. One rumor, totally unconfirmed here, was that Governor-General Manoucher Eghbar of Azerbaijan province on the Soviet border had been slain along with his provincial chief of police.

Even as the proclamation was broadcast, the Iranian senate completed action on approval for nationalization of the Anglo-Iranian Oil Company, focus of the Nationalist anger which has been generating public tension in Iran.

The presentation of the martial law proclamation to the Shah was the first action of the new cabinet formed by Hussein Ala, pro-westerner named premier after the assassination of his predecessor two weeks ago.

It was announced that "all gangsters and opportunists who create disturbances will be punished." The broadcast proclamation asserted that "gangster elements have been trying to upset the security of Tehran."

DIE AT SAME TIME

El Monte, Calif., March 20—(P)—Two elderly brothers who were inseparable all their lives, died within minutes of each other—and of the same cause, a heart attack. When Ernest Edward Andrew, 76, retired book dealer, succumbed yesterday, Arthur Gibson Andrew, 78, ran for aid. Suddenly Arthur stumbled and fell dead.

SEEK THIRD JUDGE

Harrisburg, March 20—(P)—Erie county would get a third common pleas judge under a bill introduced in the state senate last night. Sen. C. Arthur Blass (R-Erie), sponsor of the bill, said there is "great need for an additional judge in Erie county."

New Hotel For Warren Receives Fine
Boost From Royal Mfg. Co. Official

The Warren Hotel Association which is planning to build a new, modern, inn-type hotel on Pennsylvania avenue at Hazel street, received a most encouraging boost last week. Colonel Salomon, chairman of Royal Metal Manufacturing Company, which recently acquired the Deluxe Manufacturing Company here, visited his local plant with Royal's President, H. A. Green, and spent a good part of his day here discussing hotel plans with members of the Association.

It so happens that Royal manufactures, at its several plants, a complete line of hotel furniture and metal fixtures of the highest quality. Also Colonel Salomon is personally interested in various hotel operations in the west. His opinions and advice as to preliminary plans are therefore most valuable to the Association. But most encouraging is the fact that Colonel Salomon thought so well of the project as to subscribe personally toward preliminary financing and has agreed to supply practically all of the metal furniture and fixtures for the hotel as their contribution toward equity capital by the Royal Metal Manufacturing Company.

This attitude and response by a so-called "outsider" interest is especially refreshing and shows a true civic spirit on the part of Colonel Salomon and his company.

Meanwhile the Hotel Association has contracted with Design, Incorporated of St. Louis, the largest hotel architectural and engineering firm in the country, to complete plans and specifications for the structure.

Original plans to utilize the existing houses on the site have been abandoned and an entirely new, fireproof, building is being projected. As soon as the plans are available the Times-Mirror will give you full pictorial coverage.

Jaycees Sign Contract For Fireworks
Display to be Feature of Celebration

The Jaycee Fourth of July Celebration committee met last night and signed a contract for a fireworks display as the climax to this summer's planned observance of the holiday according to Jack Barr and Milt Dahler, co-chairmen. The contract calls for a \$1000.00 aerial display to be furnished by the Atlantic Fireworks Company of New Castle.

Discussion of staging another drum and bugle corps competition on the 4th was taken up and the committee will determine within a few weeks whether or not one will be possible, depending on whether the area corps are still in

Bill Extending Rent
Control Is Adopted

Washington, March 20—(P)—Congress has sent to President Truman a bill extending federal rent control in some 1,300 communities for 90 days past March 31.

Action on the administration-backed measure was completed yesterday by a voice vote in the house. It is designed to serve as a stop-gap until congress acts upon a new rent control law expected to be included in a revised economic mobilization measure.

The 90-day bill affects communities which have not voted locally to discontinue rent controls or taken action to continue them until June 30. They may still vote to discontinue them.

Father Cox Death
Recalls Historic
March of Jobless

Pittsburgh, March 20—(P)—The Rev. James R. Cox, one of the most striking figures of the depression years and one time nominee for the presidency on a short-lived ticket, died last night.

The 65-year-old Catholic priest, nationally famous as a leader of the job-seekers march to Washington in 1932, was stricken by a cerebral hemorrhage. He had been in failing health for several years.

He collapsed in the rectory of old St. Patrick's church where he had been pastor 28 years, and died a few hours later without regaining consciousness. At his bedside were the Rev. James J. Burke, his senior assistant, and others of the clergy who long had been associated with him in religious and social work. The church's last rites were administered by these, who described Father Cox as a noble servant of God.

Born March 7, 1886, in Pittsburgh, Father Cox sold newspapers on city streets to help pay for his education, having known the rigors of poverty firsthand, he early became an outspoken champion of the underdog, a helper of struggling, confused youth. As a young priest, he drew both boys and girls off the streets, and taught them sports, dramatics and music. One of his boxing pupils was the late Harry Greb, world middle-weight champion.

For a time Father Cox was county jail chaplain. He directed an amateur opera company many years. He was among the first of his calling to volunteer in the First World War, and he served as a chaplain.

Nation-wide attention first was focused upon him in January 1932 when he set out from Old St. Patrick's at the head of an "army of the unemployed." More than 30,000 men made up this army, and they traveled to Washington—in jalopies and trucks and on foot—to petition President Hoover for relief.

STIFF SENTENCES
IN MERCER CHARGES

Mercer, March 20—(P)—Judge George H. Rowley, whose remarks to a grand jury two weeks ago touched off a special investigation of gambling activities in Mercer county, has handed out stiff sentences to three men indicted on gambling charges.

Cy McCoy, I. E. Holt, and Weda Pacifico, all of Sharon, and charged with maintaining gambling devices, each received a \$300 fine and three months in county jail yesterday. They had pleaded guilty. No indictments resulted from a three-day grand jury investigation.

TUITION FEES HIKED

Meadville, March 20—(P)—Allegheny College has raised tuition and board fees, effective next fall. President Louis T. Benetz said the increases will cost students an extra \$585 a semester for tuition and \$170 more for rent.

Most Rigid News Blackout of War In
Korea is Ordered by Gen. MacArthurSENATOR WILL
STAND PAT ON
TROOPS ISSUE

Washington, March 20—(P)—Senator Connally (D-Tex.) stood pat today against efforts by both foes and supporters to alter the troops-to-Europe resolutions.

Connally, who heads the senate foreign relations committee, told a reporter he intends to sit tight and let opponents talk themselves out.

"When they are through, I don't think many of them will vote against the resolution," the Texan said.

The senate begins its third day of debate today on a resolution okaying the sending of four more U. S. divisions to bolster the north Atlantic defense army but calling for congressional approval of any further additions to that force.

Senator Robertson (D-Va.) was scheduled as the first speaker.

Connally, who isn't wholly satisfied with the troops resolution, said he is in sympathy with a move by Senator McMahon (D-Conn.) to change the provision for congressional "approval" by the president with congress.

But Connally said he doubts McMahon's amendment will satisfy those who are demanding a tighter checkrein on the president. For that reason he said he thinks it will be better to let the resolution stand, as it is.

Connally opposed an amendment by Senator Watkins (R-Utah). Watkins wants to delay the dispatch of U. S. troops until President Truman calls a conference to revise the Italian peace treaty, which limits Italy's military strength.

Republicans took the leading part in yesterday's debate. With Democrats sitting silent, Senators Knowland (R-Calif.) and Jenner (R-Ind.) assailed Mr. Truman and his administration. Senator Lodge (R-Mass.) called for quick action. He said delay on the troops issue would be "tampering with the security of the United States."

Johnston to Ask
Some Changes In
Laws On Controls

Washington, March 20—(P)—Economic Stabilizer Eric Johnston wants a sizeable kit of new anti-inflation powers including several changes in pricing provisions of the Defense Production Act, informed officials said today.

Although Johnston believes the basic remedy is to reduce buying demand through higher taxes and stiffer credit control, he has sent a sheaf of recommendations on price and black market control to Charles E. Wilson, mobilization director.

Some are expected to show up in a presidential message to congress next month on extension of the mobilization law due to expire June 30.

Because the final decision belongs to President Truman, Johnston has not made his views public.

Johnston was in Key West today, conferring with Mr. Truman on other business—the wage control dispute which, because of labor's walkout from federal mobilization agencies, has paralyzed the wage stabilization board.

That Mr. Truman considers the labor situation serious was evident in his sudden call for Johnston to fly to Florida yesterday. The ESA chief paid a hasty visit to Wilson, then caught a plane.

Former New York Mayor Tells
Investigators of a Growing
"National Empire" of Crime

New York, March 20—(P)—Former Mayor William O'Dwyer told senate investigators today there is a growing "national empire" of crime, and urged big-scale government appropriations to stop it.

O'Dwyer, now U. S. ambassador to Mexico, testified that crime in America "will be widespread" until "we get an appropriation of \$25,000,000 to \$50,000,000 for a continuing investigation of it."

"There is a national crime empire growing," he said, "and it will get stronger if it isn't stopped."

He urged a standing committee be set up to supervise a continuing inquiry.

O'Dwyer, who has clashed heatedly with the senate committee during two days on the witness stand, paused in his testimony today to praise it for doing what he called a "marvelous job."

Big-time racketeers can't be curbed locally, the ex-mayor said, in demanding the permanent federal action.

"As long as 15,000,000 people want to bet twenty billions of dollars," he said, "and as long as you've got wires, information, racing sheets and newspapers giving full publicity and full information to that 15,000,000, you have something that is not entirely local."

"You've got something that is national and until we get help from the national government in shutting it off, we're in trouble locally."

Committee Counsel Rudolph Halley said this is what the committee is seeking to do. But he added pointedly that "if something had been done locally" Racketeer Frank Costello might not have gained power over Tammany Hall, Manhattan Democratic organization.

"You know more about that than any other man," Halley said to O'Dwyer.

"That's not true," O'Dwyer protested. "You heard Costello yesterday."

"Well," Halley said slowly, "Perhaps Costello knows more about it than you."

Costello, reputed eastern crime ruler, admitted at the public hearing yesterday that he had close friends in Tammany Hall, and used his influence once in picking its leader.

Earlier, O'Dwyer told the committee he did not believe big-scale bookmaking could exist without police protection.

He appeared fresh and rested in contrast to his weary, touchy mood at the close of yesterday's turbulent public hearing, during which he angrily denied links to gangland.

Called as the first witness today, he was asked if he thought large-scale bookmaking could exist without police protection. He replied flatly, "No."

He added that he believed such large-scale bookmaking does exist in Brooklyn.

Frank Costello, the gambler who admits he wielded political power, also was slated for a return appearance today.

New Atomic Blasts
Being Conducted

Washington, March 20—(P)—The Atomic Energy Commission indicated today it is now conducting new atomic blasts at Eniwetok.

The commission said in a statement that a major project "is being carried out" at the super-secret Pacific island test grounds.

"In order to assume the safety of vessels and aircraft operating in the central Pacific, only units of the (testing) task force are permitted within the danger area around Eniwetok atoll," the statement added.

Asked directly if new atomic blast tests are being conducted, commission officials said they could add nothing to the statement.

Coroner's Jury Reports Former Corry
Man Slain by Sixteen-Year-Old Youth

Yuma, Ariz., March 20—(P)—A coroner's jury has reported that Leonard Rexford Fenton, 40, former resident of Corry, Pa., was shot to death last Feb. 14 by a 16-year-old boy.

The jury returned its finding after hearing Peter Donald Saunders of Corona, Long Island, N. Y., repeat a confession he had made earlier to Sheriff Jim Washum and Yuma county district attorney F. Lewis Ingraham.

Saunders said he planned the murder of Fenton about an hour before he fired the shot. The youth sought Fenton's money. He took \$130 in travellers' checks from the

body. Fenton was shot twice through the back of the head with a .22 calibre single shot rifle. Saunders said he used most of the money to buy a western outfit, including shirt, boots, hat and spurs.

He will appear before Justice of the Peace Ersal C. Byrd Wednesday for arraignment on a first degree murder charge, lodged by Sheriff Washum.

Fenton, who lived in Los Angeles, left Corry while a high school student. He served in the Navy and then took a railroad job in Los Angeles. His body was found in weeds on the banks of a drainage canal near Yuma where he had been fishing.

President of France
Making Costly Voyage

Paris, March 20—(P)—President Vincent Auriol sails tonight to spend 11 days, make 30 speeches—none of them about politics—and preside at 18 official meals in the United States and Canada.

With him will go his wife, an entourage of 29—officials and others—and a huge load of steamer trunks and suitcases. Ten big packing cases of silver, champagnes and wines already have been shipped.

The trip to see President Truman and Canada's Prime Minister Louis St. Laurent will cost France about \$180,000. The national assembly has not yet voted the money to pay the bill.

Frewsburg Men
Charged With The
Theft of Trailer

Two Frewsburg, N. Y. men, one a juvenile of 17, are in custody of Warren county authorities today in connection with the theft of a trailer and its sale at a local junk yard.

Theodore Kirik, 20, was picked up yesterday by Deputy Sheriff Sandy Secor and State Police Private J. R. Krupay after being implicated by the juvenile, apprehended earlier in the day.

The men are charged with theft of a trailer owned by Linn Atkins, of Clarendon, and being used to haul drilling equipment on the Chapman lease in Glade township. Value of the trailer was placed at about \$25. After taking the trailer, the men sold it at a local junk yard, where their identification by the proprietor led to their arrest.

The juvenile, Dan Turney, aged 17, drove to the junk yard yesterday in a truck owned by Kirik, and was taken into custody by the officers. Kirik was not with him at the time. However, officers called Kirik and told him that his truck was at state police headquarters, and that he should call to get it. When he arrived in Warren, he was also arrested.

Turney will be certified to juvenile court by District Attorney M. A. Kornreich; and Kirik will be arraigned on a charge of larceny before Justice of the Peace Tracy M. Greenlund today. Both have admitted the theft, officers said.

MENCKEN BETTER

Baltimore, March 20—(P)—Baltimore's leading man of words, H. L. Mencken, is up and at 'em again today. To a limited extent anyway. The 70-year-old critic and authority on the American language is leaving the hospital today for the second time in three years.

American Troops Northeast
Of Hongchong on the Central
Front Meet Stiff Resistance

Tokyo, March 20—(P)—United States troops battling northeast of Hongchong on the central Korean front today ran into "very stiff" Communist resistance.

In Tokyo, General MacArthur ordered a news blackout on the distance to a certain line on the Korean peninsula.

(Correspondents were not allowed to say specifically what this line is, but it obviously refers to the politically important parallel 38.) It is one of the most rigid news restrictions placed on correspondents since the war began.

At latest reports, sent before the ban, the Allies were reported less than 17 miles from the border to Red Korea.

In the action northeast of Hongchong, Allied air and artillery attack failed to knock out the Communists. The Reds fought back.

Elsewhere on the central front Allied troops advanced against increasing enemy resistance.

An armored patrol advancing on Chunchon met some mortar and small arms fire from Chinese rear guards. Allied officers said they still believe the city will fall without a fight. Chunchon was once the Chinese headquarters in South Korea. It is eight miles south of the old boundary between North and South Korea.

In Seoul itself mines were being cleared from the streets and roadways while the rice rations were doled out to long lines of civilians.

On the west central front ROK (Republic of Korea) soldiers led the Allied advance. An Correspondent William C. Barnard said the South Koreans made the deepest penetration of Communist lines.

Twelve B-29 superbombers Tuesday pounded Hamhung on North Korea's east coast. Four other superbombers hit a bridge near Kowon, South of Hamhung.

Field dispatches indicated the Allies were advancing against retreating Communists all along the front.

Censorship was lifted on the capture of the Chungbyong reservoir and power station 15 miles northeast of Seoul. They were captured intact three days ago. United Nations troops, the Eighth Army said, have advanced beyond that point.

Moderate rear-guard action was reported during the day. Chinese and North Korean Communists were reported at three widely—(Turn to Page Eight)

Penelec Plans to Spend \$17,000,000 In
Construction Projects During the Year

Pennsylvania Electric Company, which serves 316,000 customers in western and south central Pennsylvania, plans to spend \$17,000,000 in 1951 on construction projects to keep ahead of the demands for electricity for civilian and defense needs, according to the annual report just issued to security holders.

The report shows that, although operating revenues were \$42,777,000, an increase of \$2,415,000, net income declined by \$869,000 mainly because of increased taxes and expenses and a disastrous November storm. The storm, the worst ever experienced by the company, disrupted hundreds of miles of transmission and distribution lines. The cost of repairing and rebuilding facilities after the storm was nearly \$1,000,000.

In the five years 1946-1950, the company spent \$60,000,000 for new facilities, added 130,000 kw of generating capability and 51,700 new customers.

During the year the company spent \$12,600,000 for new construction. One of the largest items was the completion of the \$7,500,000 addition to the Seward generating station which provided an additional 50,000 kw of generating capacity. The transmission facilities of Penelec were connected with those of Metropolitan Edison Company by a new 110,000 volt line. This made possible for the first time the interchange of electricity across the State of Pennsylvania.

President D. W. Jardine reported that work had been started on a 68,700 kw addition and modern—(Turn to Page Eight)

TEMPERATURE WILL
DROP AGAIN TONIGHT

Pittsburgh, March 20—(P)—Snow, cold winds and freezing temperatures today were predicted for most of western Pennsylvania. The weather bureau told Pittsburghers to look for a low of 18 degrees tonight and a high of 36 tomorrow. The thermometer sank to 21 degrees at the Allegheny county airport after a night of snow. The snow left most highways icy in spots. The snowfall was described as just a trace. A predicted fall of three to five inches did not materialize.

Montgomery Will
Be Eisenhower's
Deputy Commander

Paris, March 20—(P)—Gen. Dwight D. Eisenhower today named British Field Marshal Viscount Montgomery as his deputy commander in the Atlantic Pact army.

Gen. Eisenhower also appointed eight other high ranking officers to his staff.

He chose Air Chief Marshal Sir Hugh Saunders of the British Royal Air Force as his air deputy.

A senior naval officer may be named later "if the need becomes apparent," a headquarters spokesman said.

The French cabinet announced, meanwhile, that Gen. Alphonse Juin, commander of France's armed forces has been made available to Gen. Eisenhower to serve as ground troops commander in the Atlantic Pact army. Juin, 62, is inspector-general of French armed forces, a post created after Eisenhower's survey tour of Pact nations. Juin also is resident-general of Morocco.

The French cabinet also announced that Vice Adm. Robert Jaujard was named to the Eisenhower staff.

Eisenhower announced that Juin's title would be commander in chief of the Allied Army forces in the central sector of Europe, and Jaujard will be naval flag officer, central sector, Europe.

Gen. Eisenhower announced he would appoint seven area commanders at a later date.

Command of the land forces, southern Europe, will be assigned to an Italian general.

East Germany Bans
Christian Science

Berlin, March 20—(P)—Communist east Germany banned practice of the Christian Science Religion today.

Offices and meeting places of Christian scientists were closed and literature seized by the people's police.

Arrests have been threatened unless all members and leaders cease their religious activities at once.

Christian Science members in west Berlin said there are "thousands" of followers in the Soviet zone and the east sector of Berlin where the ban is also effective.

Christian Science members were banned in 1941 by Hitler's gestapo and many of them were thrown into concentration camps.

The east German Communists also prohibited the Jehovah's Witnesses last year and rounded up hundreds in mass raids in Magdeburg and Dresden.

BOOK BOOKMAKERS

Los Angeles, March 20—(P)—The new police chief, William Parker, issued an order two weeks ago for all convicted bookmakers in Los Angeles to register at police headquarters. The response was surprising and has created a problem. To date 1,027 persons have obeyed the order but now the police department has run out of forms for them to sign. Chief Parker said yesterday a call has gone to the printer for additional forms.

Palm Sunday Program at Sheffield Wins Praise From Well Known Music Critic

(Written for The Times-Mirror by Dr. LeRoy B. Campbell, of the Warren Conservatory of Music)

It was my pleasure Sunday night to attend a fine performance of the companion work to "The Messiah" by Stainer. "The Crucifixion" has come to be the Easter period, what "The Messiah" is to the Christmas season.

Very seldom indeed does one hear as ambitious a work as "The Crucifixion" performed in a town the size of Sheffield.

It takes a lot of work on the part of the director, choir, organist and soloists.

Above all else there must be a moving spirit as conductor; someone with enthusiasm plus, as well as a musician's understanding of this superb work. The leader, choir and organist must be willing to give hours of precious time to prepare such a work for the grade of

excellence shown in Sunday night's performance.

The power and leadership behind this masterpiece presented so efficiently in Sheffield was the superintendent of public school music, Loren Wright. The choir, under Mr. Wright's baton responded like clockwork; every phrase was clean cut; a fine grade of dynamics replete with consistent climaxes.

The choir had certainly put in much time in careful musicianly drill and practice. The soloists for "The Crucifixion" are only bass and tenor and these two soloists have a large part of the work.

Imagine the calamity which confronted the leader when word came that the bass soloist was ill in bed with flu and could not appear.

Even this did not dampen the ardor of Mr. Wright for he announced that he would sing the solos. So the work proceeded without a flaw for Mr. Wright handled the conducting and the bass solos in excellent style.

Byron Swanson of the Warren Conservatory, who has sung the tenor solos in many cities, gave a splendid account of himself in the exacting role of this great work. He had fine control, good tone, and clear enunciation at all times.

The organist did superb work at all times. The accompanist rarely receives the praise or recognition that she deserves. However, just imagine how a work would sound without this important factor, then one can appreciate the work of a good accompanist such as the chorus and soloists had in Sunday night's performance.

It is to be hoped that more works of the high calibre of "The Crucifixion" will be forthcoming events.

CALL BY DEATH

There were five tables in play and the Mitchell game was used at the Marconi Bridge Club last evening. Mrs. M. A. Kornreich and Anthony J. Scalis were first place winners while Mrs. Carl Hultberg and Harry D. Kopf were second, and Henry Hunzinger and Harry Christensen were third.

PROWLER CALL

Police were called to Jackson avenue about 10:15 p. m. yesterday when a prowler started bothering residents there. The intruder had left before officers arrived, and although they found his tracks in the snow around one home, there was not sufficient snow to trail him.

AT FIRST LUTHERAN

Pastor Pastor E. K. Rogers will preach on "The Humble Christ" at the 7:30 service in the First Lutheran church this evening. The Litany will be read and the senior choir will sing the service. Tomorrow evening a service of public confession will be read in preparation for the Holy Communion on Thursday. The meditation will be on the subject, "Why the Swords?"

RAILROADER DIES

Word has been received here of the death yesterday of Joseph Jelbert, old-time employee of the Pennsylvania Railroad, who resides in Williamsport. Mr. Jelbert was well known throughout this section. He started his railroad career over 40 years ago as a section foreman in Kane, later becoming yardmaster at Kane and working up through the ranks to superintendent of passenger transport in Pittsburgh. He had been ill for some time.

NEW EQUIPMENT

Boro Manager L. M. McConnell said this morning that immediate steps are being taken to replace the recorder in the East Side fire station. The present equipment has served its usefulness and is obsolete as far as the present alarm system is concerned. Mr. McConnell stated. Purchase of a new recorder will be made from the Gamewell Company at once. The old recorder was the cause of considerable confusion Saturday evening when it recorded Box 65 as Box 515 and sent fire equipment to the wrong place from the East Side station.

HEAD LACERATIONS

Two patients were given emergency treatment at Warren General Hospital yesterday for lacerations about the face and head. Charles Freud, Kinzua, employed by the Beyer Construction Company, sustained lacerations of the right eye lid requiring two sutures when a board struck and broke his glasses. Van H. Cook, 6 Dobson avenue, employed in his garage, sustained lacerations of the right temple when the fan of an automobile motor broke and struck him. The wound required three stitches. Both were discharged following treatment.

INJURED BY BULL

John Motuz, 63 of Columbus RD 1, is recovering in the Corry Hospital from injuries sustained when he was gored by an outraged bull at his farm on Baker Hill Saturday evening. Motuz was taken to the hospital by the Bracken-Keating ambulance after a daughter, Irene, 16, had answered her father's cries for help and found him lying on the barn floor. After ending its attack the bull left the barn and the elderly farmer was able to call for help. Left out over night the animal was comparatively docile, and was rounded up Sunday morning by Warren McChesney.

DOORS OPEN

Doors to three business places in the downtown area were found open by police on their night patrols last evening. All places were investigated for possible entries, and then locked up again.

INTERESTING PHOTO

A large aerial photograph of the Warren borough is exciting much interest inside the main lobby of the Public Library in Market street. Because it is large enough for patrons to spot individual homes most visitors inspect it and find it very fascinating.

MAYER CONFIRMED

Among nominations confirmed by the state senate at Harrisburg last evening was that of Otto F. Mayer, Sheffield, to serve as a member of the Warren County Board of Assistance, mention of whose nomination to the post was made a week ago.

GUNS CONFISCATED

Beebe guns, belonging to two west side youngsters, were confiscated by city police yesterday when the young marksmen became too ambitious and started picking fellow players as their targets. No injuries resulted, but the guns now repose at police headquarters.

Junior Rifle Club Wins League Match

Warren High School Junior Rifle Club won its first postal match of the season last week by defeating Kane 972 to 968 in the War-Mac League. Sponsored by Joseph Passaro and Robert Resh, the club has a current record of one win and two losses. Bradford High leads the league with three straight victories against no defeats.

Individual scoring in the match was: Hook, 196; Wineriter, 196; Gilson, 194; Johnson, 194; and Walchli, 192.

The Warren club also fired in a contest for the William Randolph Hearst Junior Rifle Trophy last week, but the official scores have not been returned yet. The tournament takes in high school teams all over the country, each mailing their targets to New York City. Rules require each shooter to fire ten rounds from both the prone and the standing positions.

Crash Victim Still Reported Serious

Hospital authorities report today that the condition of Mrs. Archie Kingsley, of Pittsfield, who was seriously injured in an automobile accident at Starbuck Sunday evening, remains critical, although she had a fair night. She sustained multiple fractures in the accident which resulted in the death of Charles C. Roberts, of Warren, when the car in which she was riding collided head-on with Robert's car.

The condition of Mr. Kingsley, who was driving, is reported as fair this morning. He sustained a fracture of the right knee-cap, and a possible wrist fracture.

Troops to Europe Issue Finds House Members From Area in Complete Accord

Washington — (AP) — North-eastern Pennsylvania's three House members aren't in complete agreement on the troops-to-Europe issue. They're together on the goal. It's the method that has them divided.

The views of the three Republicans—Reps. Gavin, Graham and Kearns—were expressed in separate interviews.

The same issue has divided the whole Republican party. Roughly, former President Hoover is at one extreme and Governor Dewey of New York at the other.

Hoover favors emphasis on strong air and naval forces. He would send few, if any, U. S. ground troops. Dewey would send 100 divisions.

Gavin, who has made four trips to Europe in the last four years, favors sending four U. S. divisions to Germany and two to Austria.

GET DELICIOUS COUGH RELIEF!

SMITH BROTHERS WILD CHERRY COUGH DROPS

"World's best-tasting Cough Medication!"

This, he says, would provide some back-door protection against Russian aggression and encourage Western Europe to rebuild its armed strength.

America, he said, has a \$22,000,000,000 rehabilitation investment to protect in Europe and it would be nonsense to send General Eisenhower over there in "hand-cuffs."

Gavin says he feels this way: Eisenhower has expressed confidence that Europe will get down to business and do a real defense job. Let's let Europe prove it. If it shows no real inclination to do the job after a year, then call Eisenhower home for further recommendations. If Europe proves it is unwilling to pitch in and help itself, then America should pull out.

Graham leans closer to Hoover's thinking, though he is not entirely opposed to sending ground troops. The number of troops sent should be based on the number Europe provides, he said.

The greatest emphasis, he says, should be on building America's strength at home. He believes also that the President should send no troops abroad without first consulting Congress.

Graham said he has always favored a strong Air Force and Navy and these should be the principal elements that America should provide for Europe's defense.

Kearns said he vigorously opposes the President sending troops abroad without first consulting Congress. The world situation calls for both military and political decisions, he said, and Congress

Co. Medical Group Plans to Participate In Poster Contest

Harrisburg—Every student submitting a poster in the 1951 Health Poster Contest sponsored by the Warren County Medical Society will be presented with a Merit Certificate by The Medical Society of the State of Pennsylvania.

The Merit Certificate, printed in black and gold, will have the name of the student hand-lettered on the card. It will also contain the seal of The Medical Society and is being given "in recognition of the contribution" of the student to the success of the contest.

The chairman of the poster contest committee in each county will send the names and addresses of all contestants to the Harrisburg office of The Medical Society of the State of Pennsylvania. Contestants are urged to print their names and addresses clearly on the back of their posters.

Judge for the state-wide contest, in which county prize-winners will be entered, will take place in Pittsburgh, September 14. Winning posters in the state contest will be exhibited in the Carnegie Museum, Pittsburgh, in September, and in the Reading Public Museum and Art Gallery during December.

L.O.O.M. TO MEET

Warren Lodge of Moose will hold their regular semi-monthly meeting on Wednesday evening, the business sessions starting at eight o'clock sharp. The nominating committee will make their report to the lodge and other matters of importance to all members will be handled. Following the business session a lunch will be served and the regular Wednesday evening program of boxing matches will be received by television. All members and ladies have been invited.

PICTURES AT Y.W.C.A.

An interested audience viewed the film "Picture in Your Mind" last week at the YWCA and participated in the discussion which followed. This unusual picture which used a new technique of color animation showed how prejudices develop and challenged with the question "Am I my brother's keeper?" The discussion led by Mrs. Ralph Sires brought out new ideas which made the second showing of the film especially meaningful. The picture was introduced by Mrs. Charles Cable, chairman of the Young Adult Program Committee, who also announced that another film "One God—the ways we worship" will be shown at 8 p. m. Thursday March 29.

RED CROSS DRIVE SHORT!

Officers of the Warren County Chapter of American Red Cross and the hundreds of volunteer workers are greatly disappointed in the latest returns of the annual campaign which show that the fund is \$4,500 short of its \$21,000 goal.

An analysis reveals that some of the shortage is due to the failure of holders of rural boxes to mail in their donations; some is due to the failure of the commercial and industrial divisions to meet their increased quotas. There is also evidence of a misunderstanding on the part of householders who believe that members of the family have contributed at the place where they are employed.

Chairman Donald E. Schuler was most emphatic in pointing out to block-workers that no solicitation is being made at plants, offices or stores for employee contributions as in the past. Employees of commercial places or industries are to make their contributions when called upon at their homes in the house-to-house canvass.

County Red Cross headquarters reminds Warren county people that this a year of crisis for their American Red Cross, due to unusually heavy demands made upon Red Cross services at home and abroad, but that increases over previous contributions by each citizen and each firm will result in meeting the Warren County quota.

Those who have been solicited by mail are urged to mail in their contributions promptly and workers are asked to make call-backs at homes where the householders have not contributed because they were under the impression that their financial aid to the Red Cross had been given by the head of the family at his place of employment.

TRAIL BLAZERS

President Truman recently awarded a well-deserved presidential citation to a largely unsung squadron of flyers called Mosquitoes.

These pilots serve as scouts and spotters for our bombers and jet fighters in Korea. Using a type of training plane never before employed in combat and never intended to be, they hedge-hop over the country-side looking for tanks, guns, trucks, troop concentrations—anything the Reds may be trying to conceal. Most of the time they fly at 100 feet or less, and their planes are completely unarmed.

No small part of the amazing success of our Air Force in blasting Red supply lines and troops can be ascribed to the tireless work of the Mosquitoes. They're the brave Indian scouts of this war, and they merit the gratitude of us all.

It should not be necessary to remind that the public is cordially invited to the impressive community Noon-day Holy Week services being held daily at the First Baptist church under the auspices of the Warren County Ministerial Association. Those attending are finding the services uplifting and inspirational.

LENTEN SERMONETTE

THE REV. C. W. BALDWIN, Grace Methodist, Warren

GLORY ONLY IN THE CROSS

Gal. 6:14 "God forbid that I should glory, save in the cross of our Lord Jesus Christ."

Americans have the strange habit of boasting. We are not satisfied unless we can point to the biggest stores, the largest cathedrals, the fastest bombers, or the best and biggest cars. Sometimes people of older civilizations smile at this childish tendency on our part. But here is a wise word from Paul who suggests that we glory in nothing save in the cross of Jesus Christ.

Certainly this week, of all weeks in the year, we ought to be considering the cross of Christ. In one sense we can think of it as having two sides; the human side and the Divine side. From the human standpoint it represents the depths to which humanity can sink. Stark, naked human sin impaled on the cross the best Man the world has ever known. That is an historical fact we cannot cover up.

But the glory of the cross is to be found in its Divine side. For on that cross there hung the Son of God. Jesus freely gave Himself for all of us. We glory in this fact that "God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish but have everlasting life." We glory in the supreme love of that strange Man upon the cross. Love so amazing, so divine, demands my life, my soul, my all.

New Poster Racks

Here And There

Don't be surprised if you notice some changes in the appearance of your five, ten and twenty-dollar bills in the near future. This is indicated in a recent announcement by the Federal Reserve Bank that it will shortly begin issuing a new "simplified" series. The bank's new notes, to be known as Series of 1950, will differ slightly in design from those now in circulation. The most noticeable change will be the reduced size of the seals that appear on the face. . . . The Federal Reserve Bank's seal, in green, on the right. The over-all effect, however, may be more marked than these alterations would indicate, because both seals, in addition to certain other material, will be printed rather than engraved. Thus, the new series will have the signatures of the secretary of the treasury, and treasurer of the United States, the series designation the bank's district numeral "2", and the seals

overprinted on the engraved note. In addition, the serial numbers of the notes will be slightly reduced, and will be identical in style with the serial number on one-dollar silver certificates. A number of economies will be made. Hereafter, it will not be necessary for the Federal Reserve to keep on hand large stocks of notes of each denomination for each of the 12 member banks of the system. Instead, only the various denominations need be carried, because the other sets can be overprinted as required. Moreover, the method will make it unnecessary to engrave new plates when there is a change in either of the signatures appearing on the notes. The new series already has been tested by the treasury on a "pilot" basis, a Federal Reserve spokesman said.

Six weeks of the Groundhog weather ended Friday and left the poor little woodchuck looking as

if he had been run over by a couple automobiles, a DuBois writer insists. As far as his forecast of "six weeks of winter" is concerned, many declare his score was a decided minus. Yet the Punksutawney Spirit says "And looking back over the past six weeks, the district experienced every kind of weather imaginable, from warm springlike days to cold and snow." And the Spirit would like to leave the inference, without saying it, that the prognostication hit the nail on the head. As a matter of fact, the DuBois Courier insists, the "more winter" prognostication lost by a ratio of three to one. Even with a dowry of sub-zero weather and a couple of feet of snow built up by one of the hardest winters in recent years, the "Chuck could not make a go of it."

This 'n That: Here's a paragraph from the Corry Journal "Behind the News" column that may offer a suggestion for consideration by the Warren County Active Volunteer Firemen's Association: "After that mixup last week in which the Columbus Fire Department answered an alarm at Spring Creek and couldn't find the blaze, Spring Creek residents along with firemen are working out a plan whereby someone familiar with the countryside and back roads will be available in Spring Creek to direct the truck driver; fortunately the blaze which pointed out the need for a change in the system was brought under control without the aid of firemen. . . . It will be of much interest to archery enthusiasts to learn that a club is to be formed in the state called "Pennsylvania Bow Hunters," based on the sporting possibility of shooting the arrow from the bow, especially at wild game, assuming that "while all bow hunters are archers, all archers aren't bow hunters," the idea being to encourage archers who will do more than fire away at bags of straw to go out for a real attempt to bring down wild animals; archers interested are advised to write the organization at 3506 Hartel avenue, Philadelphia. . . . Make a point to visit your florist before the weekend, especially if you are a lover of beautiful flowers. . . . Better not delay too long your Easter buying if you would avoid the disappointment of discovering supplies are being depleted.

Tuesday Scraps: In spite of a snow storm that made driving difficult and hazardous there was a goodly representation of Warren fans at the Monday night wrestling program at Celoron's Skateland last evening. . . . After the frigid blast of the past couple days Spring, scheduled to arrive Wednesday morning at 5:26, will be more than welcome. . . . Erie schoolboy basketball teams are said to be toying with the idea of presenting at least two experimental tripleheaders in an effort to lure fans to contests next season.

New Booklet On Mental Health Is Issued By State

Secretary of Welfare William C. Brown recently announced the introduction of a new booklet entitled "You Can Help Pennsylvania Promote Mental Health."

A colorfully illustrated gold and blue booklet it tells the story in brief of the Department of Welfare's undertaking of the job of preventing mental illness. The booklet is open for distribution without charge for those persons and organizations requesting copies. Brown said it should be of particular concern to teachers, probation officers, ministers, social workers, nurses, club members, parents and the like.

"The booklet calls upon all citizens to work to apply the growing knowledge of promoting better mental health," Brown said. "Professional workers and others who serve their communities can apply principles of mental health to help solve everyday problems and to create an atmosphere in which human beings can develop and enjoy useful and satisfying lives."

"The booklet is being distributed by the Bureau of Mental Health's new Division of Community Service and is part of an educational and consultant program in mental health matters now being conducted by the Department of Welfare."

WRIGHTSVILLE

Wrightsville, Mar. 19—Mrs. Fern Whiteley and son, Ben, of Lottsville, have moved into the upstairs apartment of the William Scranton home.

Connie Higgins is ill at her home with a cold.

Mr. and Mrs. James Durlin and son, La Verne, attended the funeral of the former's brother-in-law, Ernest Mickle, at Tidoute. Many relatives and friends were in attendance.

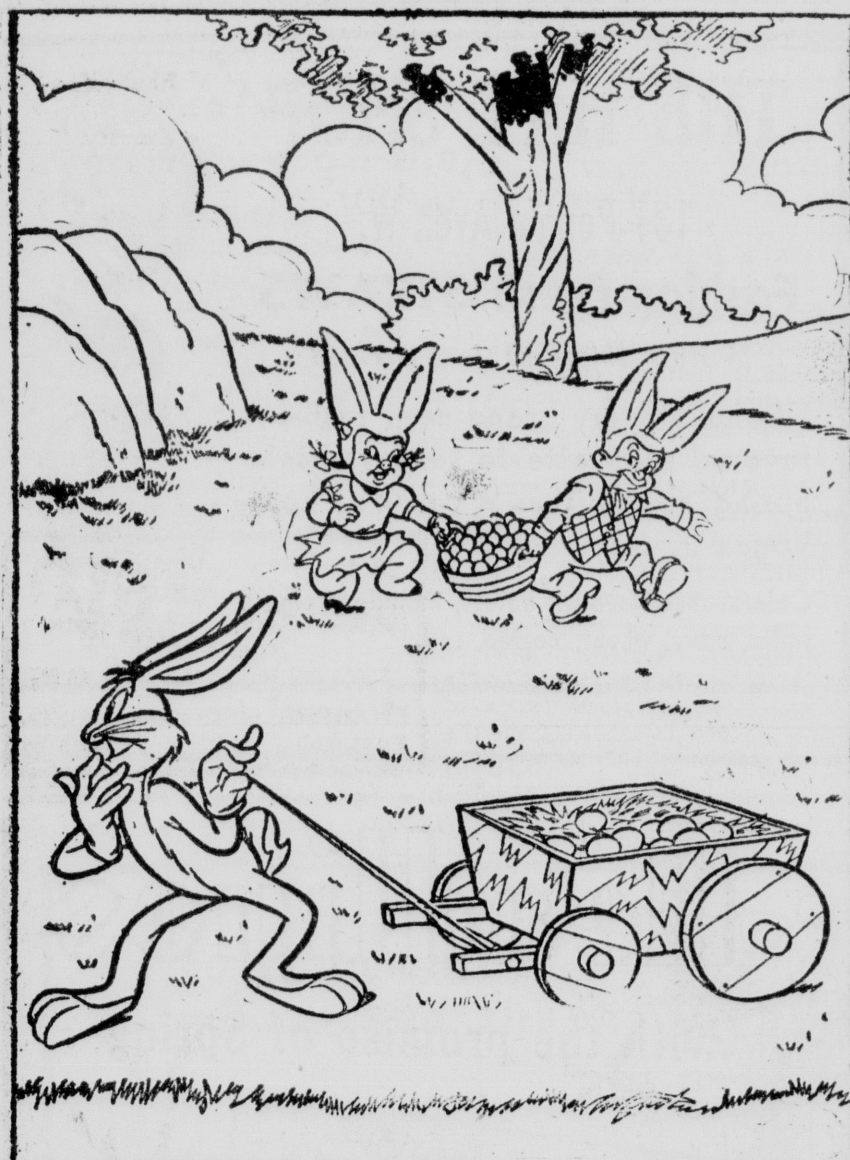

Mrs. Lenora Ward had the misfortune to fracture a bone in her leg.

Mr. and Mrs. Will Durlin, of Pittsfield, Mr. and Mrs. Ienn Dase and daughter, Edna, and LaVerne Durlin, Youngsville; Mr. and Mrs. Fred Lee and daughter, Wanda, Frewsburg, N. Y., were Sunday callers of Mr. and Mrs. James Durlin.

Friends will be sorry to learn that Mrs. Ernest Faust is a patient in WCA Hospital at Jamestown, N. Y.

Starbrick Couple Has Anniversary

Thirty relatives and friends helped Mr. and Mrs. Forest Nichols celebrate their silver wedding anniversary last Sunday at their home in Starbrick. The affair was put on by Mrs. Joan Gern, of Starbrick, and Mrs. Lila Akeley, Russell, aided by Miss Valerie Yaggie, Warren, for their parents.

The table was beautifully decorated in yellow and silver, with a three-tiered cake, baked by Mrs. Beatie Huckabone, flanked by silver candles in crystal holders. Tulips and daffodils were also placed throughout the home.

The happy couple received lovely silver gifts from guests from Dunkirk, Fredonia, and Falconer, N. Y.; Chandlers Valley, Russell, Irvine, Starbrick, and Warren.

Special music for the evening was furnished by Ben Huckabone's Rhythm Rascals.

IRVINE LADIES AID HAS MARCH MEETING

The March meeting of the Irvine Presbyterian Ladies' Union was held at the home of Mrs. John Kofod with 15 members present. A brief business meeting opened the session, members voting to give three dollars to the Red Cross. A new member, Mrs. Donald Mills, was also welcomed by the group.

Mrs. Carl Munson chose "Easter Thoughts" as the topic for the evening, with scripture reading, songs, and appropriate readings in keeping with the Easter season.

The hostess served refreshments from a dining table with an attractive centerpiece of an Easter basket and lighted orchid and green candles.

The April 19 meeting will be held at the home of Mrs. Ben Huckabone.

Officers Named By Auxiliary of the Clarendon VFW

The March meeting of the Ladies Auxiliary of the V. F. W. Marshall Post No. 314, was held in the Odd Fellow's Hall. There was a fine turnout to enjoy the delicious dinner which was in charge of Phyllis Morano, Ann Vicini, and Katherine Kavinsky. Easter decorations had been very beautifully planned and the tables were lovely with their gay daffodils, bunnies, etc., prepared by Freda Rhodes and Lucetta Hallgren.

Following the dinner the business session was opened by the Senior Vice Pres. Margaret Dickerson, acting as president pro tem. All chairs were filled and a donation was prepared to be sent

to the Red Cross. Rehabilitation chairman reported the number of cards sent to those who are ill, and Minnie Vicini who has charge of the Service Men's Roster, reported that the roster is being prepared and as soon as it is finished the names will be added.

A letter of thanks was read from Gertrude Maines, president, in appreciation for the retiring president pin which was presented her by the Auxiliary last Sunday while she and her husband were home from Camp Atterbury.

The following officers were then elected to serve for the coming year: President, Ann Vivini; senior vice president, Margaret Dickerson, re-elected; junior vice president, Christina Thompson; conductress, Mabel Nobles; guard, Rose Pussateri; chaplain, Alice Wilson; treasurer, Helen Pussateri; trustee, Cecelia Wykoff; county council delegates, Minnie Vicini and Mabel Nobles; alternate, Mary

Pull and Marian Mason, District delegates, Christina Thompson, Helen Pussateri and Donna Carmody; alternate, Catherine Kavinsky, Joan McCool, and Cecelia Wykoff.

In turn the president-elect appointed the following officers to fill the chairs: Color bearers, Marian Mason, Phyllis Morano, Mary Hallgren, and Catherine Kavinsky; patriotic instructress, Mary Pull; historian, LMinnie Vicini; banner bearer, Donna Carmody; flag bearer, Lucetta Hallgren; pianist, Genina Schwartz; secretary, Freda Rhodes; publicity chairman, Marian Morley, and rehabilitation chairman, Cecelia Wykoff.

Thes next meeting will take place in the Odd Fellows Hall on April 5th, at which time the new officers will be installed.

MISSIONARY SOCIETY PLANS ANNIVERSARY

A program marking the silver anniversary of the Margaret Zundel Missionary Society, formerly Young Women's Missionary Society of the First Lutheran church, will be held in the church Tuesday evening, March 27, at 8 o'clock.

Mrs. Earl Thomas, of Erie, president of the Women's Missionary Society, Pittsburgh Synod, United Lutheran church, will be the guest speaker for the service.

All members and friends of the society are cordially invited to attend both the program and tea which will follow. A more detailed announcement will be made later.

LEE HESS BARNES DIRECTING CANTATA

Sugar Grove, March 20 — Lee Hess Barnes, Meadville, will direct an Easter cantata, "Victory", in the local Methodist church at eight o'clock Friday evening, to be sung by the combined choirs of Columbus, Bear Lake, Lottsville and Sugar Grove.

KIWANIS PLANNING "TOWN BARN" PARTY
Plans are being completed for a "town barn" party for members of the Warren Kiwanis club and their ladies to be held Wednesday evening, April 4, with dinner at 6:30 o'clock. Music will be furnished by Engstrom's orchestra with Bill Barr calling and there will be roun' and square dancing, and special entertainment between dinner and dancing. It is also announced that Kiwanians may bring guest couples, since those in charge emphasize that "the bigger the crowd, the better the time."

SUGAR GROVE TOT HAS BIRTHDAY PARTY
Mrs. Harry Sarvis, o Sugar Grove, entertained Saturday afternoon at a party honoring the fourth birthday anniversary of her daughter, Mavis Elaine. Ice cream and cake were served from a balloon decorated table, at which the small guests were seated. The table was centered with a musical cake plate playing "Happy Birthday" and holding the decorated cake with four candles. Each child was favored with a paper hat and a blower, all in gay spring colors.

The little guests present were Bobby Bacchetti, Buffalo, N. Y.; Karen and Larry Stenander, Lakewood, N. Y.; Pamela Franzen and Sherry Johnson, Jamestown, N. Y.; "Skippy" and Tommy Johnson, Ashville, N. Y.; all cousins, and Judy Younie, a local playmate. The children were accompanied by their mothers and Miss Eleanor Rowland, an aunt of Mavis Elaine. The honored guest was remembered with many lovely gifts and greetings.

School Solicitor Speaker at Johnson P. T. A. Meeting

Mrs. Walter Pearson presided at the regular meeting of Johnson P.T.A. held Monday evening in the school. A nominating committee was appointed, consisting of Mrs. R. S. Norris, chairman, Mrs. Henry Wyman, Mrs. Delford Wendelboe, Mrs. Mac Williams. After devotions led by Mrs. Norris, the evening's speaker, R. Pierson Eaton, solicitor for the Warren borough School District, was introduced by Mrs. Milton Kay, program chairman.

Mr. Eaton gave a most interesting and instructive talk on the history of Warren schools, from the establishment of the school system under Thaddeus Stevens, through the establishment of Academy grants to the present time. He pointed out that throughout the entire county the assessments are so uneven, and in most cases so low that the school districts are receiving substantial cuts in their state appropriations. The low assessed valuation also curtails the borrowing power of school district, making impossible improvements in increased building facilities.

Mr. Eaton recommended a county-wide equalization of assessments in order to assure the continuing progress of our school system, and the provision of new school buildings where they are badly needed.

At the close of the program refreshments were served by a committee from the First Grade with the Robert Dusham as chairman, assisted by Mrs. William Dashem,

Mrs. Russell Brown, Mrs. Robert Sandblade, Mrs. Dorothy Bufton and Mrs. D. W. Dorsey. The table was attractively decorated in green and white with a St. Patrick's day motif, and Miss Viola Flowers presided at the coffee urn.

Pennsy Has Freight Wreck Near Oil City

Sixteen cars of a Pennsylvania Railroad freight train were derailed in an accident which occurred about 1 a. m. today along the Allegheny river north of Oil City. Thirteen of the cars, loaded with coal, are said to have rolled down the river bank.

No one was hurt. Cause of the derailment has not been determined, railroad officials said.

The northbound train, No. 4361, had left Oil City for Buffalo shortly after midnight. It was in charge of Conductor R. H. Arnold of Oil City, and consisted of between 60 and 70 cars loaded with coal and coke.

A wrecking crew was mustered here and left Warren about 3 a. m. to help with the cleanup operation.

ization program at the Front Street station in Erie. This project is expected to cost \$12,500,000 and is scheduled for completion in 1952. He also stated that construction of a generating station at Shawville, in Clearfield county, had been authorized. The initial installation will consist of two units of 125,000 kw each. The station, which is estimated to cost \$38,000,000, will be started in 1951.

The company added 7,800 customers in 1950. Average annual use by residential customers increased from 1,520 to 1,655 kw, while the average cost per kilowatt-hour dropped to 3.4¢—a decline of 3% during the year.

The report points out that the company has 2,805 regular employees and 185 temporary employees, and that the company is contributing an average of 16¢ per man-hour for pension and insurance benefits. During the year, wages paid amounted to \$11,250,000, an average of \$3.847 per employee. Plant investment per employee was \$63,000, an increase of \$4,000 over 1949.

BANKRUPTCY FACES THE DAILY WORKER

New York, March 20—(AP)—The Daily Worker says it is threatened with bankruptcy. It is appealing for funds.

A front page editorial in the Communist newspaper yesterday said it must raise \$200,000. It urged its readers to contribute and to get friends to contribute \$5 each.

The Worker blamed its financial plight on "decline in circulation" and "harassment of our advertisers."

It said the newspaper is operating at an annual loss of at least \$200,000.

Today's Business Mirror

BY SAM DAWSON

New York, (AP)—Price-cutting of television sets to move piled-up inventories has started today, and banks are reported cutting back on credit to textile firms whose inventories have been built up high on borrowed money.

Oil tanker charter rates are falling for the first time since the Korean war started. Home building shows for the first time real signs of slowing down.

Vacuum cleaner sales at the factory are reported dropping. Wholesale prices in general are reported off. And the American meat institute spots a downward tendency in some meat prices at wholesale and retail.

Easter sales promoting haven't been doing too well, Dun and Bradstreet reports. Wintry weather in many sections hasn't helped, but merchants also report considerable consumer resistance to the price hikes that have shown up in some lines.

Big inventories and lagging sales are credited with the lowest prices announced by two television set manufacturers. Admiral Corp. is cutting prices of three of its more popular table sets by \$30 to \$40. Sluggish sales in recent weeks, in spite of liberal trade-in offers, caused sets to back up at retail.

The president of Hallcrafters Co. also announces lower prices and says: "It's no secret that sales throughout the industry are slow right now."

Lions Club Group At Noonday Service

The Rev. Nore Gustafson, pastor of St. Paul's Lutheran church and president of the ministerial association, preached the sermon at today's noonday Holy Week service at the First Baptist church, his subject being "Lessons By the Way." Music was provided by St. Paul's church and Dan Walton, general secretary of the YMCA, presided.

Members of the Lions club attended the service today in a group, and tomorrow the Kiwanis club will be present, adjourning afterwards to the YWCA for the usual luncheon period.

The Rev. Ernest Kaebnick, Sunday school missionary, will speak at Wednesday's service and the sermon will be delivered by the Rev. Sprigg Harwood, of the Clarendon Methodist church, on the theme "Demands of Discipleship." The First Baptist church will provide special music.

Televised Hearing Interrupts Routine

New York, March 20—(AP)—A gripping real life drama—the senate crime committee hearing starring William O'Dwyer and Frank Costello on television—brought a drastic, if only temporary, change in the daily routine of millions of persons.

Housewives neglected their chores, husbands put aside work, and business in stores and theatres slumped as millions watched in fascination.

In saloons, business boomed. One woman in Pittsburgh said she had 37 people in her living room to watch the goings-on and another exclaimed the proceedings were "better than soap operas."

The mass preoccupation produced a social phenomenon and topped even the annual fall interest in the World Series.

20 COUNTY MEN TO REPORT APRIL 12TH

State Selective Service headquarters at Harrisburg today issued a call for 5775 men for pre-induction physical examinations during April.

The Warren county board was directed to furnish 20 of these men. They will report to Erie on April 12 for examination.

Quotas for other boards in the district were: Emporium, 5; Meadville, 35; Ridgway, 20; Erie Board 63, 69; Corry, 15; Erie Board 65, 62; Oil City, 10; Bradford, 28; Mercer, 40; Sharon, 30; Coudersport, 10; and Franklin, 26.

Veteran Relieves Aches and Pains

HADACOL Relieves Aches and Pains When Due to a Lack of Vitamins B₁, B₂, Niacin and Iron

It would seem like being in two wars would almost be all one person would have to go through. But Emerson Parnell Brown, 412 South Harrison Street, Fort Wayne, Indiana, found more trouble staring him in the face just recently. As so many thousands, he put his faith in HADACOL, when he heard how it was helping folks with aches and pains due to a deficiency of Vitamins B₁, B₂, Iron and Niacin. Here are the wonderful results that he is more than glad to tell us about:

"I am a veteran of World Wars I and II. After I reached the age of 50, I had aches and pains. I also had gas on my stomach and was very nervous. After I took the first small bottle of HADACOL, I knew I had the right family formula. Then, I got a large size and I have just finished taking it. I work for the plumbing and heating company. I just started another bottle of HADACOL, and it is doing me so much good."

This may be your answer, too, if you are suffering from such deficiencies. For HADACOL supplies more than the minimum daily requirements of Vitamins B₁, B₂, Niacin and Iron, plus helpful quantities of Phosphorus and Calcium. And HADACOL builds up hemoglobin (when iron is needed) to rush these vital elements to every part of your body. Many doctors recommend HADACOL—why not stop at your drug-store today?

J. P. KEVERLINE

J. P. Keverline, father of Anne Keverline, of this city, passed away at his home in Maple street, Kane, Monday evening. Besides the daughter in this city he is survived by three sons in California, and a daughter, Mrs. Genevieve Erich, of Irvine, who is en route home from Florida where she has been visiting. Funeral arrangements have not been announced.

MORE CHAIRS FOR THE YOUTH CANTEN

The Warren Jaycee Auxiliary gave the Youth Canteen another boost last night by voting to purchase 15 chairs for the new recreation place. Mrs. Robert Gates, the president, reported that the organization will turn over \$55.00 to the canteen committee to be used for the purchase of the much needed folding chairs.

This is the second contribution the Jaycee wives have made to the canteen as last April the club donated \$115.00 to the building fund.

SUGAR GROVE

Sugar Grove, March 19—There are many persons in the community ill with colds or flu.

THE MARKETS

New York, March 20—(AP)—Mild cross currents of buying and selling today thoroughly mixed stock market prices. Indecision was apparent throughout the list with most of the major groups indicating conflicting trends. Losses extended downward by about \$1.50 a share while gains were held within a 75-cent line for the most part. Steels, motors and some rails showed a fair amount of activity, but no sharp trading interest developed either way. There were small advances in a few of the chemicals and oils. The widest losses cropped up in rails and building materials, often on just a few sales. A number of leading market commentators are anticipating weakness in the price structure before any sustained rise is unleashed. Chart followers say indications are inconclusive as to the immediate trend. Bonds were steady. In the over the counter market, U. S. governments traded unchanged.

CORYDON

Corydon, March 19—Mrs. Ruth Tome Funk, of Chester and Corydon, won an honorary historical award on an essay entitled, "Pennsylvania Indians" at a meeting of Delaware County Federation of Women's Clubs. She is a member of the Marcus Hook Century Club and an active member of the Society of Christian Service of the Trainer Methodist church, in which she is vice president and program chairman. Mrs. Funk was born in Corydon and maintains a local home.

The March meeting of the Women's Fire Auxiliary was held in the IOOF hall, with 14 members present. Following the business session, lunch and a social time were enjoyed. The hostesses were Mrs. George Black, Mrs. Eddie Zancovitch and Mrs. Thomas Kornell.

Special services will be held Easter Sunday in local churches. Under the direction of Miss Edith Crooks, Sunday school students of the Church of the Nazarene are preparing to present a morning program.

Sewing for foreign missions occupied the time at the weekly meet of the local society held at the home of the president, Mrs. B. M. Stoltz. Mrs. Frank Coy, whose birthday fell on the same date, was presented a cake and a gift. A tureen dinner was served.

A FIEND IN NEED

By MILTON K. OZAKI

Chapter 31

"I SUGGEST," Caldwell continued, a quiet smile on his lips, "that John Faraday boarded the ship, carrying his hat because it was too large to fit his hairless head, and went to his cabin where he donned his wig, put on a different suit of clothes which he had brought along for the purpose, and wearing the hat which now fitted him, went ashore unobtrusively as Richard Starr Flecker."

Flecker, his face suffused with fury, glowered impotently. "Since when has it been a crime for a man to wear an artificial hair piece?" he demanded. "Of course, I wear a wig! A man has a right to conceal his baldness."

"By God!" the persic ejaculated, staring fascinated at Flecker's denuded scalp. "He couldn't do it at that!"

Phelan jumped to his feet and grabbed Flecker's arm, as though to prevent his escape, but Flecker immediately jerked his arm away, exclaiming indignantly: "Surely, you aren't taking this stupid accusation seriously? I admit—and proudly—that I am John Faraday, although I deny every word of the fairy tale which this daydreamer"—he indicated Caldwell with an insulting nod—"has so skillfully woven. He drew himself to his full height and looked down his nose at Phelan. "Don't forget that I couldn't possibly have killed Lawrence Strawn!"

Phelan looked helplessly from Flecker to Caldwell, not quite certain how to proceed. At Flecker's last words, he groaned and moved his big shoulders dejectedly. "That's right, Prof," he agreed. "Flecker has the best alibi of the bunch."

Caldwell, his smile tightened a little, tossed the wig negligently onto the desk and sat down. He refilled his pipe and carefully lighted it. Then he said: Yes, Mr. Flecker arranged an excellent alibi."

"I arranged?" Flecker turned indignantly to Phelan. "Surely you remember, Lieutenant, that it was you who established the alibi. It was never my intention to reveal Mrs. McGregor's presence in my apartment."

"That's right, Prof," Phelan agreed.

"I'm afraid the alibi, although engineered with great skill, isn't quite flawless," Caldwell retorted gravely. He gestured with his pipe. "Please sit down, Mr. Flecker."

Glowering furiously, Flecker reluctantly sat down, and Phelan, his fat face a picture of indecision, retreated to his own chair.

"I said a moment ago that the murderer was a man of intelligence and ingenuity," Caldwell said, "and I think you'll appreciate the full scope of his cleverness when you realize how carefully he protected himself. As John Faraday, he arranged the elaborate alibi of a boat trip to St. Joe, even taking care to purchase a sweater as tangible evidence of having made the trip. He knew his odd physical characteristics would be remembered by the pursuer, and he counted on not being associated with the erect, athletic, wigged, and hatted man who stepped ashore. So, if the murderer was suspected of the murder, he had a fairly creditable explanation of his activity and whereabouts. Needless to say, the actual trip was probably made a day or so previously."

"And if Richard Starr Flecker, his alter ego, was suspected?" Caldwell shrugged—"well Flecker had an alibi also. This was an exceedingly clever arrangement, for, if Faraday's alibi was disproved, Faraday could disappear and only Flecker remain; or if Flecker's alibi was penetrated, then Flecker could disappear and only Faraday remain. To trap the murderer successfully, it would be necessary to associate Mr. Flecker with Mr. Faraday, prove that the two were one, and explode both alibis."

"That's a lie," Flecker asserted. "I intended to dispose of my business and spend the rest of my life in a dignified manner, living as Richard Starr Flecker. I had no intention of continuing as a secondhand book peddler. I tried to fool the pursuer because I wanted John Faraday to leave Chicago and never come back."

"I believe you," Caldwell said. "I've already admitted the efficiency and intelligence of your preparations, but I'm just as certain that you were prepared to continue as John Faraday, if the necessity arose, as I am certain that you intended, if possible, to have done with Faraday and to live as Richard Starr Flecker."

"How about that alibi," Phelan interrupted, "the one for Flecker?"

CALDWELL touched his pocket-marked chin and smiled gravely at Phelan. "That's the most interesting arrangement of all, and one for the detective bureau to remember. It's an evidence that the testimony of second and third parties is not always to be trusted, not even when their honesty and genuineness is obvious. Flecker's alibi is a tribute to his forethought and perverted genius, and I think he should be complimented on a job which was almost perfectly executed."

"I presume you're about to call Mrs. McGregor a liar," Flecker snorted, eyeing Caldwell defiantly.

"No, Mrs. McGregor was quite honest. She stated what she thought was the truth. She confessed that she entered his apartment at five-thirty and stayed there until eight-twenty, and I believe she was stating the truth as she knew it when she described the way in which they spent the two hours and fifty minutes."

"What's all this?" Don McGregor interjected. Phelan put a restraining hand on his shoulder and pulled him back to his chair. He subsided.

"What I do not believe," Caldwell continued, "is this: I don't believe Maud McGregor was capable of describing in detail all the events which occurred during that period. Instead, here is what I think did happen: I think Mrs. McGregor visited Flecker's apartment at five-thirty, and that very shortly after that he began to read to her from *The Rubaiyat*. However, Flecker's reading didn't last as long as she thought, for he carefully checked each of the three versions of the book, timing them carefully, and in no case has it taken more than thirty-six minutes for a complete, slow, dramatic rendition. Yet, according to Mrs. McGregor, Flecker spent almost the entire two hours and fifty minutes reciting from this work. She admitted that she discussed oriental philosophy for awhile, but I'm certain that she had neither the inclination nor the knowledge to discuss that for two hours and fourteen minutes. At least, not without phrasing her statement differently and attributing the bulk of the time spent to the discussion of philosophy."

Style Shop Drubs New Process By 99-42 Score in Y Circuit

Style Shop floor men were gunning for the 100 scoring mark in Y City League action last night and just missed it by one point as they walloped the New Process 99-42. The score broke their previous season record of 95 points against the Ramblers.

The second league game scheduled last night between the Rockets and Atlantic was postponed because of illness among the Atlantic players. The make-up game will be played Thursday night unless something arises, league officers stated.

Last night's contest finished off the schedule for both teams and shifted the Stylists into the top spot again with a 9-1 record to Atlantic's 8-1. The results left the Process in the cellar with a 1-9 account for a low .100 average.

Bob "Stud" Simpson, towering Style Shop center, set the high scoring pace with 19 points for individual scoring honors of the game. Each player, however, had his share, no one making less than 10. Gall Nelson and Ed Lindberg shared second place with seven twin-counters apiece.

For the losers, Don Baldensperger and Phil Colvin were high with 12 and 11 respectively.

The Stylists poured it on from the tip-off, pushing ahead, 27-8, in the opening period. Both in the

second and third frames the league leaders acquired 26 points to 10 and 11 for the NPC. A little overanxious in the final period, they couldn't quite make a hundred, Dick Scalise laying up the final basket with only a few seconds remaining.

The 99 markers ranges 27 points above any other teams score in the league this season and gives the Style Shop a second-half average of 71 points a game.

More Turkeys Are Stocked in County By Game Officials

Warren county sportsmen, who attended a meeting of the North-western Division, Pennsylvania Federation of Sportsmen's Club at Cambridge Springs over the weekend, heard good news concerning the stocking of turkeys and other wild game in this vicinity.

The sportsmen were informed that a big allotment of 210 turkeys were released in Warren county by the Pennsylvania Game Commission to add to the growing flocks already established here.

In addition, the Game Commission had stocked about 1,000 rabbits, and is now releasing a considerable number of hen pheasants. Adding to the Commission's release of western rabbits were some 600 others purchased by sportsmen's clubs for stocking purposes.

The sportsmen discussed the many bills that have been proposed in the current session of the legislature concerning fish and game, and approved a resolution asking the state to permit a farmer to take fish from his own farm pond on a "crop basis" instead of limiting him to actual angling seasons and limits.

Sportsmen also were reminded that applications for new permits for dog training areas should be filed before May 31. Dates for the junior conservation school to be held at State College were announced as July 15 to 27.

Attending from here were Don Curtis, County Sportsmen's Council delegate; Len Donaldson, county council secretary; Harrison Paul, Sheffield, county council president; Mack Geer, North Warren, State Sanitary Water Board member; and Dick Costley, supervisor of the Allegheny National Forest.

All-stars Notch Win Over Rocket Squad

By The Associated Press

Filling in for the absent Atlantic team at the YMCA last night, an All-Star team, made up of mostly former Dragon cagers, trimmed the Rockets 50-41.

At the end of the first quarter mark the Rockets trailed by a single point, dropping back three marks, 25-22, at intermission. The All-Stars picked up five more in the third stanza for a strong eight point lead and stayed in front all the way as they outscored the Rockets in the final frame also, 11-10.

Harry Danielson and Paul Gordon were the pacemakers for the winners with 12 and 11 points respectively. For the Rockets, Nick Creola and Dan Jackson were high with 12 and 10 counters.

Lineups:

All Stars	G.	F.	Pts.
C. Reese, f	4	1	9
Gordon, f	4	3	11
Wolfe, f	0	0	0
Danielson, c	6	0	12
Grosch, g	5	0	10
Griffin, g	3	0	6
Sigworth, g	1	0	2
	23	4	50

Rockets	G.	F.	Pts.
Creola, f	6	0	12
Jackson, f	5	0	10
Shriver, f	3	1	7
B. Reese, c	0	0	0
Weidmaier, g	3	0	6
Tannler, g	2	0	4
Guiffre, g	1	0	2
	20	1	41

Score by quarters:
All Stars 9 16 14 11-50
Rockets 8 14 9 10-41
Officials: Colosimo, R. Scalise.

SPORTS IN BRIEF

By The Associated Press

College Station, Tex.—Harry Stiteler's resignation as football coach at Texas A & M was accepted by school officials "since, by his own admission, he has deliberately misinformed officials of the college on a matter affecting the welfare of the institution."

BASKETBALL

Austin, Tex. — Jack Gray resigned as basketball coach at the University of Texas to enter the construction business.

GOLF

Jacksonville, Fla.—Jim Ferrier, San Francisco, won the \$10,000 Jacksonville Open with a 16-under-par 72-hole total of 272, eleven strokes better than Lloyd Mangrum, Chicago.

BASEBALL

Lakeland, Fla.—Fred Hutchinson, Detroit pitcher and player-representative of the American League said Major League players should have a voice in naming a new commissioner.

Wake Forest, N. C.—Outfielder Frank Wehner and Pitcher Norman Schatzel were declared ineligible to play with Wake Forest College nine because they have signed contracts with New York Yankees farm clubs.

GENERAL

Chicago — Western Conference (Big Ten) voted to make freshmen eligible for varsity sports for one year beginning Sept. 1.

New York—East and West tied for fourth successive year in Golden Gloves inter-city fights at Madison Square Garden.

RACING

Miami—Mondaval, \$10.40, won Naranja purse at Gulfstream.

Lincoln, R. I.—Billy Bowlegs, \$11.60, beat Beary Bob by nose in feature at Lincoln Downs.

Hot Springs, Ark.—Gus G., \$9, won third straight race by taking El Dorado purse at Oaklawn.

Schedule Extended By Pistol League

By The Associated Press

Irvine, Sylvania and Cornplanter teams scored wins in Warren Revolver and Pistol League matches at the Armory last night. Results showed:

Irvine 1214, Youngsville 1198.
Sylvania 1131, Game Wardens 1033.

Cornplanter 1251, N.A.R.C. 1121. Individual high scorers were: Knopf, Irvine, 261; Thompson and Smetanka, Youngsville, 251; Bielawski, Game Wardens, 227; Jenkins, Sylvania, 232; Yagge, Cornplanter, 267; and K. Lindberg, N.A.R.C., 245.

At a meeting of team captains following the shoot, it was decided to add five more matches to the league's regular schedule for the season.

HONUS IS "GRANDPOH"

Pittsburgh, March 20—(P) —Honus Wagner, veteran coach of the Pittsburgh Pirates, is a grandfather for the first time. But baseball's great shortstop of yesterday won't be teaching the youngster how to play the diamond sport. His daughter, Mrs. Harry Blair, gave birth to a girl weighing six pounds, 15 ounces. "How'd you like that? I'm a grandpoh," chortled Honus.

PETRO NAMED ASSISTANT

Pittsburgh, March 20—(P) —Steve Petro, star guard at the University of Pittsburgh in 1936-37-38, is the new fulltime assistant football coach at his alma mater. Petro coached the Pitt junior varsity last season while earning his teaching certificate.

Automobile drivers tell Belgrade cops what they intend to do and the policeman, interpreting their horn signals, signals them on. The system is possible because there are so few cars in Yugoslavia.

1951 LINCOLN WINS SWEEPSTAKES IN MOBILGAS ECONOMY RUN!

NOW THE 1951 Lincoln gets official recognition for the proven economy long known to owners of Lincoln motor cars. In the grueling 840-mile Mobilgas Economy Run—over roads ranging from icy mountain passes to blazing desert heat—the great new Lincoln with optional overdrive rolled up records for economy unmatched by any other car entered.

Throughout the rugged demands of this severe competitive test of American motor cars, conducted by the American Automobile Association, the 154-h.p. Lincoln "InVincible Eight" engine led all others in this extreme test—not only for performance, but for fuel and oil economy, too!

In winning the Grand Canyon Sweepstakes award, the Lincoln set a new all-time Economy Run mark of 66.484 ton-miles per gallon.

If you are one of those who have thought of Lincoln only as a style and luxury leader in the fine car field, this record commands this great car to you doubly now. Yes, the 1951 Lincoln—from any viewpoint—represents the finest and most valuable automotive investment you can make for 1951... and for all the years ahead.

Why not come in to see and drive the great new economy-proven 1951 Lincoln today!

OPENING LEAD MAY BE KEY

By OSWALD JACOBY

Written for NEA Service
When today's hand was played, West thought carefully before he chose his opening lead. His opponents were conservative players, and their willingness to bid no-trump made it fairly clear that they had the unbid suit (spades) well controlled. He "believed" the club and diamond bids, but decided that hearts might be the weak points since North had never rebid the suit and South had never supported it. Hence he began a

dummy's queen of spades naturally won.

Now South found out the bad news when he led to the queen of clubs and discovered that the suit did not break. This was a bitter blow, but he hopefully took the king of clubs and gave West his club trick. West naturally returned his remaining heart, knocking out dummy's ace.

Declarer cashed the last club, saving two diamonds and two spades in his own hand while East saved a spade, a heart, and two diamonds. Then South led the singleton diamond from the dummy. East properly put up the ace of diamonds at once and cashed the last heart. This trick squeezed poor South.

THE WAY TO CALVARY

Carrying the heavy cross through the streets of Jerusalem, Jesus fell under its crushing weight. Weakened by the ordeal of the scourging, He wavered when soldiers lifted Him to His feet and pushed Him on.

Among the crowd that followed His agonizing journey was Mary, His mother. At one point in the march, their eyes met, and the deep sorrow in her face added a greater burden to the cross.

Jesus tottered. The soldiers, fearing He would collapse, forced a spectator in the crowd, Simon of Cyrene, to help carry the cross. Christ must not be allowed to die before Calvary could be reached.

Non-Denominational Sunrise Service Is Planned Sunday Morning in Cook Forest

By DON WOOD

Leeper—Deep in the heart of Cook Forest, in a natural cathedral of pines, members of all faiths will gather for divine worship Easter morning in the Ridge Camp Area. This will be the first outdoor non-denominational sunrise service to be held in the eastern portion of the United States.

Originating with Mrs. Verna Leith, a local resident, the service is being arranged by the Tri-County Men's Club. Assisting the sponsor will be state park officials represented by Paul R. Beattie, the Pennsylvania Department of Forest and Waters, local organizations and many civic-minded individuals.

Frank D. Harriger, local postmaster, will head the Easter sunrise Service Committee as general chairman. His committee are shown in the above photo. They are, left to right seated, Paul R. Beattie, Cook Forest Park manager, Frank D. Harriger and J. C. Ward, Tri-County Men's Club president. Standing, left to right, are Glenn C. Mealy, S. H. Ochs, Leo J. Moore and James W. Carroll.

Invitations have been extended to members of all faiths through communications to their individual churches located within a hundred mile radius. Public announcements, arranged for by Mrs. O. L. Harvey, publicity chairman, and Mrs. Marcella Martin, are being carried by the press and radio within this area.

Motorists are advised to proceed to Leeper then east on state route No. 36 for seven miles to the

heart of the forest. Unlimited parking space has been provided by park officials.

Following is the program:

Salute to Dawn, "Sleepers, Wake!", Bach—Herbert Fithian, Foxburg, Pa., trumpeter.

Anthem, "One Day", J. Wilder Chapman—Gospel Singers, Titusville.

Invocation and Lord's Prayer—Father R. J. Bowes, St. Mary's Church, Crown.

Penthouse Being Constructed Upon Central Building

The Bell Telephone Company of Pennsylvania is now constructing a penthouse on the roof of the Warren central office building which will be used to provide additional space for the installation of a new power plant, it was announced today by Harold F. Keck, local manager.

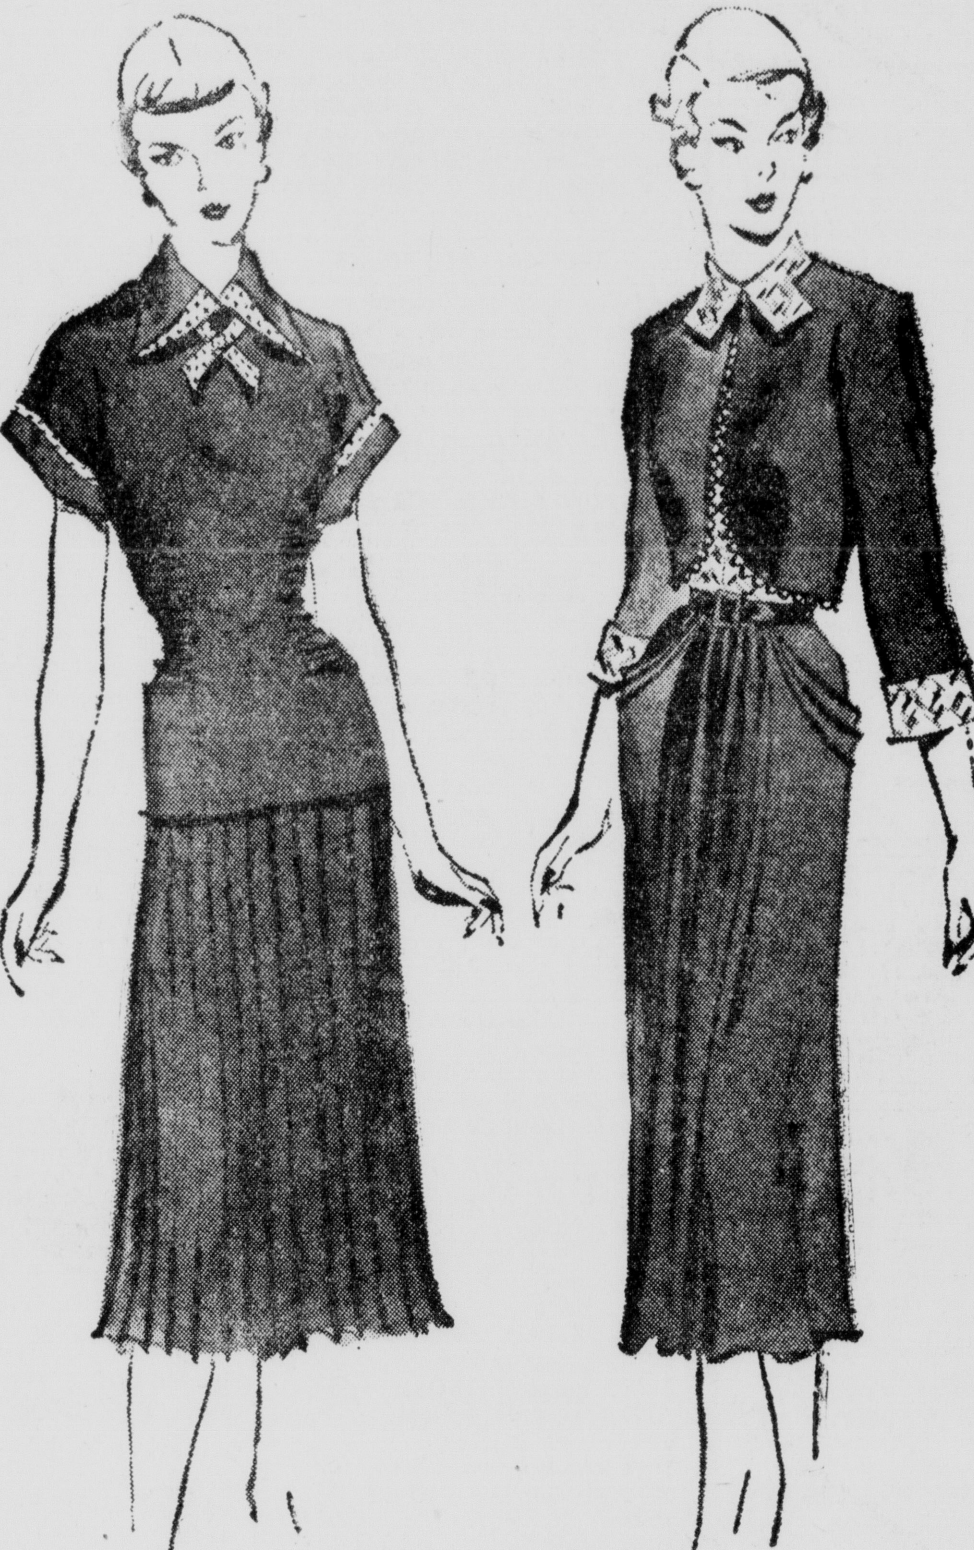

The project, which will cost about \$17,400, is expected to be completed in May, following which the company will start the installation of the power equipment.

The present power plant is located on the third floor of the building, but recent telephone growth has made it necessary to provide larger equipment than can be installed in the present quarters, Mr. Keck said.

New Sunoco Dynalube Motor Oil

Combines in a Single Oil All the Finest Features of America's Premium Motor Oils...Actually Improves Condition of Most Engines

1. Tough Heat-Resistant Body assures long motor oil mileage.

2. Fully Detergent-Dispersant—NEW Sunoco Dynalube cleans engines and keeps them clean. Road dust and contamination from normal combustion are held in harmless suspension until oil is drained at the regular interval.

3. Free-Flowing and Metal-Clinging

qualities of NEW Sunoco Dynalube help you avoid costly engine repairs.

4. Anti-Rust and Anti-Acid—NEW Sunoco Dynalube counteracts two of the greatest causes of wear on piston rings and cylinder walls in any engine.

5. High Film Strength and Ring-Sealing Action—insure longer-lasting engine efficiency.

NEW Sunoco Dynalube is one of the very few oils that meets or exceeds car manufacturers' recommendations for all 1951 passenger cars.

CLEAN PISTON at right shows how NEW Sunoco Dynalube keeps rings free-acting... keeps combustion chamber deposits to a minimum... prolongs engine life. Fouled piston, with stuck rings, at left, resulted from use of inferior motor oils.
